ABOUT THE EEA AND NORWAY GRANTS

The EEA and Norway Grants have their basis in the EEA Agreement. Under this agreement, Iceland, Liechtenstein and Norway are part of the European internal market. The agreement sets out the common goal of working together to reduce social and economic disparities in Europe and strengthening cooperation between European countries. Iceland, Liechtenstein and Norway have allocated a total EUR 2.8 billion to 15 EU member states for this purpose for the period 2014-2021. Norway provides almost 98 % of this funding.

The EEA and Norway Grants are an important European policy instrument for the Norwegian Government in its efforts to contribute to a green, competitive and inclusive Europe.

OVERVIEW OF OUR SUPPORT TO MALTA

Malta has received funding under the EEA and Norway Grants since it became a member of the EU in 2004.
