

Appendix I - organisms whose import, release and placing on the market is prohibited, see section 5 and 9.

The prohibition does not apply to cultivates or varieties, for example sterile variants, that may not have adverse impacts on biological diversity.

Scientific name	Norwegian/English name	Comments
Vertebrata	Virveldyr; Vertebrates	
Arthropoda	Leddyr; Arthropods	
Crustacea (Underrekke)	Krepsdyr; Crustaceans	
Malacostraca (Klasse)	Storkrepser; Malacostracans	
Nephropidae	Hummer og sjøkreps; Clawed lobsters	
<i>Homarus americanus</i> H. Milne Edwards, 1837	Amerikahummer; Amerikansk hummer, American Lobster	
Plantae	Planter; Plants	
Angiospermae (Klasse)	Dekkfrøede planter; Flowering plants	
Apiaceae	Skjermplantefamilien; Carrot family	
<i>Heracleum mantegazzianum</i> Sommier & Levier	Kjempebjørnekjeks; Giant Hogweed	
<i>Heracleum persicum</i> Desf. ex Fisch.	Tromsøpalme; Persian Hogweed, Golpar	
Asteraceae	Kurvplantefamilien; Composite family	
<i>Solidago canadensis</i> L.	Kanadagullris; Canadian Goldenrod	
<i>Solidago gigantea</i> Aiton	Kjempegullris; Giant Goldenrod	
Balsaminaceae	Springfrøfamilien; Balsam family	
<i>Impatiens glandulifera</i> Royle	Kjempespringfrø; Indian Balsam	
Berberidaceae	Berberisfamilien; Barberry family	
<i>Berberis thunbergii</i> DC.	Høstberberis; Thunberg's Barberry	
Campanulaceae	Klokkefamilien; Bellflower family	

Appendix I - organisms whose import, release and placing on the market is prohibited, see section 5 and 9.

The prohibition does not apply to cultivates or varieties, for example sterile variants, that may not have adverse impacts on biological diversity.

<i>Campanula latifolia macrantha</i> (Sims)	Prydstorkklokke; Giant Bellflower	
Caryophyllaceae	Nellikfamilien; Pink family	
<i>Cerastium biebersteinii</i> DC.	Sølvarve; Boeral Chickweed	
<i>Cerastium tomentosum</i> L.	Filtarve; Snow-in-summer	
Cornaceae	Kornellfamilien; Dogwood family	
<i>Swida sericea</i> (L.) Holub syn. <i>Cornus sericea</i> L.	Alaskakornell; Red-osier Dogwood	
Fabaceae	Erteblomstfamilien; Pea family	
<i>Laburnum alpinum</i> (Mill.) Brecht. & J. Presl	Alpegullregn; Scottish Laburnum	
<i>Laburnum anagyroides</i> Medik.	Gullregn; Common Laburnum	
<i>Lupinus polyphyllus</i> Lindl.	Hagelupin; Bigleaf Lupine	
<i>Lupinus nootkatensis</i> Donn ex Sims	Sandlupin; Nootka Lupine	
<i>Lupinus perennis</i> L.	Jærlupin; Perennial Lupine	
Hydrocharitaceae	Froskebittfamilien; Frogbit family	
<i>Elodea canadensis</i> L.	Vasspest; Canadian Waterweed, Canadian Pondweed	
<i>Elodea nuttallii</i> (Planch.) H. St. John	Smal vasspest; Western Waterweed, Nuttall's Waterweed	
Polygonaceae	Slireknefamilien; Knotweed family	
<i>Reynoutria japonica</i> Houtt. syn. <i>Fallopia japonica</i> (Houtt.) Ronse Decr.	Parkslirekne; Japanese Knotweed	
<i>Reynoutrina sachalinensis</i> (F. Schmidt ex Maxim.) Ronse Decr.	Kjempeslirekne; Giant Knotweed	
<i>Reynoutrina xbohemica</i> (Chrték & Chrtková) J.P. Bailey	Hybridslirekne; Bohemian Knotweed	

Appendix I - organisms whose import, release and placing on the market is prohibited, see section 5 and 9.

The prohibition does not apply to cultivates or varieties, for example sterile variants, that may not have adverse impacts on biological diversity.

Rosaceae	Rosefamilien; Rose family	
<i>Cotoneaster dielsianus</i> ; E. Pritz ex, Diels	Dielsmispel; Deils' Cotoneaster	
<i>Cotoneaster divaricatus</i> ; Rehder & E.H. Wilson	Sprikemispel; Spreading Cotoneaster	
<i>Cotoneaster monopyrenus</i> (W. W. Sm.) Flinck & B Hylmö. Syn. <i>Cotoneaster multiflorus</i>	Blomstermispel; One-stoned Cotoneaster	
<i>Rosa rugosa</i> Thunb. ex Murray	Rynkerose; Japanese Rose	
Salicaceae	Vierfamilien; Willow family	
<i>Populus balsamifera</i> L.	Balsampoppel; Eastern Balsam-poplar	
<i>Populus xberolinensis</i> (K. Kock) Dippel	Berlinerpoppel; Berlin Poplar	
<i>Salix euxina</i> I.V. Belaeva	Skjørpil	
<i>Salix x fragilis</i> L.	Grønnpil; Crack-willow	
Crassulaceae	Bergknappfamilien; Stonecrop family	
<i>Phedimus hybridus</i> syn. <i>Sedum hybridum</i> L.	Sibirbergknapp; Hybrid stonecrop	The prohibition does not apply to the import, release and placing on the market for/on green roofs. For the release on green roofs in municipalities with the occurrence of the habitat type open and shallow calcareous soils in the Oslo Graben in Østfold, Akershus, Oslo, Vestfold, Hedmark, Oppland, Buskerud and Telemark counties, a permit is required, see section 11 and Appendix V. Release on green roofs in other parts of the country does not require a permit.

Appendix I - organisms whose import, release and placing on the market is prohibited, see section 5 and 9.

The prohibition does not apply to cultivates or varieties, for example sterile variants, that may not have adverse impacts on biological diversity.

<i>Phedimus spurius</i> syn. <i>Sedum spurium</i> M. Bieb	Gravbergknapp; Caucasian Stonecrop, Dragon's Blood Sedum, Two-row Stonecrop	The prohibition does not apply to the import, release and placing on the market for/on green roofs. For the release on green roofs in municipalities with the occurrence of the habitat type open and shallow calcareous soils in the Oslo Graben in Østfold, Akershus, Oslo, Vestfold, Hedmark, Oppland, Buskerud and Telemark counties, a permit is required, see section 11 and Appendix V. Release on green roofs in other parts of the country does not require a permit.
