

Working Together for a Green, Competitive and Inclusive Europe

EUR 116.7 million has been allocated to a number of cooperation programmes with Greece through the EEA and Norway Grants. These programmes are designed to strengthen cooperation between Norway and Greece and to promote social and economic development in Greece.

The close cooperation in the asylum and migration sector will be continued, with a focus on unaccompanied minors and other vulnerable groups. Business development will be strengthened with a new programme on green industry development, blue growth and ICT. Other key areas are climate and environment, poverty alleviation and Roma inclusion and empowerment.

Norwegian agencies are involved as partners in two of the programmes, and will assist with the recruitment of Norwegian project partners.

| Good governance, including anti-corruption | | 7.0 |
| Asylum and migration | Norwegian Directorate of Immigration (UDI) | 33.0 |
| Bilateral funds | | 2.33 |
| Reserve | | 5,8 |

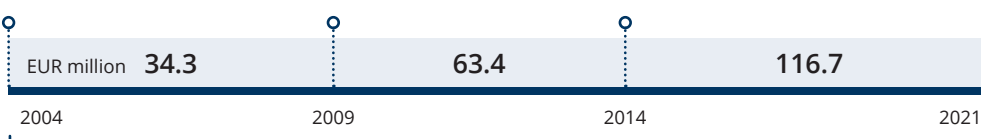

THE EEA AND NORWAY GRANTS

The EEA and Norway Grants have their basis in the EEA Agreement. Under the Agreement, Iceland, Liechtenstein and Norway are part of the EU's internal market. The EEA Agreement sets out the common goal of working together to reduce social and economic disparities in Europe and strengthening cooperation between donor and beneficiary countries. Iceland, Liechtenstein and Norway have allocated EUR 2.8 billion to 15 EU countries for this purpose. Norway provides just under 98 % of this amount.

The EEA and Norway Grants are important tools in the Norwegian Government's active European policy, which seeks to promote a green, competitive and inclusive Europe.

FUNDING TO GREECE UNDER THE EEA AND NORWAY GRANTS:

Greece has received funding under the EEA and Norway Grants since the EEA Agreement came into force in 1994.
